Rockville, MD 20850-3314

Dear Jim,

Thank you so much for your gift of \$400.00 for a Half Page ad in support of Washington Adventist Hospital Foundation's 2014 Golf Classic at The Country Club at Woodmore.

Your gift will support **an exciting new partnership between Washington Adventist Hospital and Community Clinic, Inc (CCI)** on our Takoma Park campus. CCI has been providing primary care services in a small space on the hospital campus since January. It is the newest of a total of sixteen health centers for CCI in Montgomery and Prince George's counties. In all, they have a total of 225 staff, more than 90% of whom are bilingual and who together speak more than 22 different languages. Your donation will help to renovate a larger space for CCI which will allow for more primary care providers, disease management specialists and treatment rooms to accommodate 12,000 patient visits a year.

Our partnership brings a patient-centered medical home to the Takoma Park campus in order to provide needed medical care. The program represents one of the first collaborations in Maryland between a hospital and a Federally Qualified Health Center and it reflects the growing change in Maryland and across the nation on how health care is delivered, linking patients with primary care providers and disease management specialists with the goal of improving their health.

Together, WAH and CCI, are focused on providing population health care that works to prevent illness whenever possible and to treat illness in the most appropriate and cost-effective setting to help the community get well and stay healthy.

Your generosity as a donor is essential to furthering Washington Adventist Hospital's commitment to the health of our community and will enable the success of this important new partnership.

With Gratitude,
