Dear Friends,

Your generous donation of \$525 will help to improve the lives of the families in our program in so many ways. There are emergency needs such as food, health care, and school supplies. And there are financial needs to run our program such as paying the rent on 24 units, providing access to education and training, and having one-on-one vocational and job search support for each client.

The partnership between the public, private, and civic sectors of the community is vital to addressing the barriers our families face. You are an important part of this equation and make it possible for us to continue into our 27th year of service.

Thank you for your involvement and encouragement.

Sincerely,

Miriam Gandell
Executive Director

*Thank you so much
for continuing to
support us. It means
a lot.*
